Rumble Fish

Tone Depth

Again I try and change my ways
Something for some reason
Takes me from you again
Time nor seasonI'm just burnin' for a reason
Killin' myself with guilt, gave nothin', takin' all
How my life has changed?
Was it ever sacred?Feel it
Let it go
I know
I know, what you feelStep down on the, the slivering snake
Rescue yourself from the, the prick
End it
Make it fadeCan I get a witness?
Can I get a witness from this rage?
Everyday
Suffocate from the painWhat the fuck can't believe what you said?
Mutherfuckers out there don't even know me
Gave nothin', takin' all
How my life has changedFeel it
Let it go
I know what you saidStep down on the, the slivering snake
Rescue yourself from the, the prick
End it
Make it fadeGet up, get up, get up, get up, get up
Get up, get up, get up, get up
Get up, get up, get up, get up, get upFeel it
Let it go
I knowStep down on the slivering snake
Rescue yourself from the, the prick
End it
Make it fadeStep down on the slivering snake
Rescue yourself from the, the prick
End it
Make it fade
