Life Is

Sarah Kelly

I just want to thank You
For finding me
And how could I forget You
And all You've done for meI gave You a stone
And You gave me a heart
Now I'm Yours(Chorus:)
I gave You a tear
You gave me a song
And now I know what life is
I asked You for silver
And You gave me gold
And now I know what life isI just want to thank You
For trusting me
For standing right beside me
And believing in meI don't need fortune
I don't need fame
I just need You(Chorus)And now I know what life is
And now I know what life is
And now I know what life is
And now I know what life is
