

Cold Feet

Gob

I follow your friends around
Im searching from town to town
I never knew what you meant to me
Until you were lost and found I never get up for daytime
And only go out at night
Theres so much I have to say to you
Im gonna get it right this time My love, come to me
Come around, Im lonely Have socks I can smell you on them
I guess you must have forgot them
I wear them when Im cold sometimes
Im wearing them all the time Im thinking of heading south
Bittersweet memories of your mouth
Remembering what you said to me
Youll never get cold feet now My love, come to me
Come around, Im lonely
My love, come to me
Come around, Im lonely I follow your friends around
Im searching from town to town
I never knew what you meant to me
Until you were lost and found My love, come to me
Come around, Im lonely
My love, come to me
Come around, Im lonely My love, come to me
Come around, Im lonely
My love, come to me
Come around, Im lonely
