

Fall Apart

Every Avenue

Electried we burn all night
Paralyzed by black and whites
But who are you
And who am I
Electried we burn all night I want you to fall apart like I did
You to hurt for all of this
All the pain you put me through
I wanna hear you say
"I don't deserve you"
To fall apart like I did
You to hurt for all of this
All the pain you put me through
I wanna hear you say
"I don't deserve you"
Fall apart Terrified by waking eyes
The empty space you left behind
But who are you
And who am I
Terrified by waking eyes I want you to fall apart like I did
You to hurt for all of this
All the pain you put me through
I wanna hear you say
"I don't deserve you"
To fall apart like I did
You to hurt for all of this
All the pain you put me through
I wanna hear you say
"I don't deserve you"
Fall apart (Guitar Solo) Electried we burn all night I want you to fall apart like I did
You to hurt for all of this
All the pain you put me through
I wanna hear you say
"I don't deserve you"
To fall apart like I did
You to hurt for all of this
All the pain you put me through
I wanna hear you say
"I don't deserve you"
