

Gypsy Road

Cinderella

I used to be, now I'm not what you see, Lord I try
And now it seems all those dreams have come true
But they're passing me by
Some fast talkin' mama for a dollar put a smile on my face
I'm drivin' all night, I end up in the same old place My gypsy road can't take me home
I drive all night just to see the light
My gypsy road can't take me home
I keep on pushin' 'cause it feels alright And who's to care if I grow my hair to the sky
I'll take a wish and a prayer
Cross my fingers 'cause I always get by
Some fast talkin' jerk for a dollar wiped the smile off my face
I'm drivin' all night just to keep the rat in the race My gypsy road can't take me home
I drive all night just to see the light
My gypsy road can't take me home
I keep on pushin' 'cause it feels alright Sometimes I feel so old
Got my lights burnin' bright
But I'm lookin' pretty sold
Sometimes I feel so cold
So cold, let's go Hang that Got to get on home, what time?
My gypsy road can't take me home
My gypsy road can't take me home
Take me My gypsy road can't take me home
I drive all night just to see the light
My gypsy road can't take me home
I keep on pushin' 'cause it feels alright My gypsy road can't take me home
I drive all night just to see the light
My gypsy road can't take me home
I keep on pushin' My gypsy road
My gypsy road
My gypsy road
My gypsy road
