But

K. Cero

(Intro)
Saying that you're down but,
Saying that I'm cool but,
Saying that I'm wrong,
Fuck it with my songs then you singing along but,

(First Verse)
Heinekens poppin off
Why you be waiting so long
Why you at home all alone
When you made as you wrong
When he know he don't deserve you, cuz
Baby all he do is hurt you, but
Baby I would never hurt you
Whenever he takes you out
We stay all about
Everything he's saying girl it's not true, yeah
You love to play with me, cuz you the only one that stays with me
I just wanna know if baby you down cuz if not then baby tell me right now, oh
Cuz he ain't gotta know, everything we do, we can do it on the low
Everything you want we can do it tonight,
Saying it's wrong, but the feeling is right

(Chorus)
Saying that you're down but,
Saying that I'm cool but,
Saying that I'm wrong,
Fuck it with my songs then you singing along but,
