

Bring Me Down

Alex Clare

Feeling pretty high
Feeling pretty high
Instead I should be feeling low
Feeling pretty high
Feeling pretty high
Instead I should be feeling low
I've had the friends you make
Peace of mind is an inside job
And I've been walking for years
Walking for years
Uh uh uh uh uuh
So why you gotta bring me down?
Why you tryina bring me down?
Uh uh uh uh uuh
Why you gotta bring me down?
Uh uh uh uh uuh
Why you tryina bring me down?
Look pretty good to me,
I said you look really good to me,
Are you happy?
You know you look pretty good to me,
You look pretty good to me,
Are you happy?
You know happy don't just come for free
But you can't put a price on something that you can't see
'Cause you can't put a price on something that you can't see
Uh uh uh uh uuh
Why you gotta bring me down?
Why you tryina bring me down?
Uh uh uh uh uuh
Why you gotta bring me down?
Uh uh uh uh uuh
Oh, we all have battles to overcome
Still got fights that need to be won, to be won
Oh, we have battles to overcome
Still good fights that need to be won, to be won
Why you gotta bring me down?
Why you gotta bring me down?
Uh uh uh uh uuh

Uh uh uh uh uuh
Why you gotta bring me down?
Why you tryina bring me down?
