

# Till I Get There

## Lupe Fiasco

Album on hold, whole word on hold  
The crowd is like "ho!", operator's like "hold"  
Man, now ain't that cold?  
I'm just trying to talk to my homie, that's up in the hole  
Homegirl ain't trying to be a hoe, even though she on a pole  
Can she get a second chance? NO!  
Whoa! Like the opposite of gold  
That's how it's supposed to be: a butterfly  
For the sake of rhyming let's just say "butterflyee"  
The truth stings like Muhammad Ali  
I tell 'em tell 'em don't homicide me  
I just a little old hope with his back against the ropes  
Fighting for his fans and, fighting for his folks  
But the boo's from the crowd they become so loud  
If I could block em out then, I could knock em out then  
Dance around the ring, but until then I'll say I'mma keep it cool, and I'mma do me  
It is what it is and that's how it's gon' be  
Until I get there  
Until I get there  
And yeah I got flaws, I know I'm not perfect  
But all ups and downs, will soon be worth it  
When I get there  
When I get there "Doctor doctor please! The fame ain't painless enough"  
That's cause you ain't famous enough  
You got a little game, but your name ain't ringing enough  
He said "take 2 of these and put change in my cup"  
I said I wasn't poor, he gave me some more  
Prescribed me a publicist and pointed me to the door  
"Out!" Ouch.. I'm telling you this all from a therapist's couch  
"Tell me about your mother? What she's all about?"  
Prescribed me an interview and then told me to bounce  
Damn..geez. The world is so cold, I'm glad I bought these skis  
Went right off of the bunny slopes and right into the trees  
Went unconscious, they rushed me to a concert  
Instead of green jello they made me chicken soup  
They fed me magazine covers and video shoots I'mma keep it cool, and I'mma do me  
It is what it is and that's how it's gon' be  
Until I get there  
Until I get there

And yeah I got flaws, I know I'm not perfect  
But all ups and downs, will soon be worth it  
When I get there  
When I get there And when I finally make it, I'mma stunt so hard  
Evil as Knieval, I'mma jump so far  
Way up in the atmosphere, I ain't coming back  
Be a jerk to these jerks, yeah that'll make em hurt  
Huh? Instead of young boy in the mirror  
A young version of me, so I started to tear up  
He said "you need to cheer up, your mind need to clear up  
You're already here, just be yourself from here up"  
Then he disappeared and I felt something familiar  
Something I was taught, something I had lost  
If you are afraid, the fear that you gon' change some  
All you gotta do is just remember where you came from I'mma keep it cool, and I'mma do me  
It is what it is and that's how it's gon' be  
Until I get there  
Until I get there  
And yeah I got flaws, I know I'm not perfect  
But all ups and downs, will soon be worth it  
When I get there  
When I get there
