Moist

Nirvana

Ooh yeah
You're feelin' in it, yeah
You're ticklin' it, yeah
You're swimmin' in it, yeah
You're gonna get it, moist moist moist
Ooh yeah
You're feelin' in it, yeah
You're ticklin' it, yeah
You're swimmin' in it, yeah
You're gonna get it, moist moist moistI'm insatiable
And it's all your fault
So much lust involved
To get me off
My water falls
Your sexuality, breeds
A storm inside of me, seas
A touch is all I need
To make me scream
ObscenitiesEvery time you whisper in my ear I get aroused
You begin to slowly unbutton my blouse
Kissing on my skin my heart's racing now
I want you boy, ooh
Caught up in the waves of passion up and down
Love the way you movin' my body all around
Boy you 'bout to make the rain come down
Boy you 'bout to make the rain come downFeel my rain come
Pourin', soakin', longin'
Your lips, baby, ooh
You make it so moist
When my, ocean's, overflowin'
Afterglowin' take me, ooh
You make me so moistOrgasmic
Row it just like that
Hope you like drownin' in it
You don't have a life jacket
My thirst is quenched
Oh baby we're so drenched
Our bodies rhythms' are
So cataclysmic

Got me twistedFeeling your anatomy breaking me down
Sucking on my, mmm with ice in your mouth
Hurry and undress me take me right now
I'm wet for you boy, ooh
Caught up in the waves of passion up and down
Love the way you movin' my body all around
Boy you know you make the rain come down
You know how to make my rain come downFeel my rain come
Pourin', soakin', longin'
Your lips, baby, ooh
You make it so moist
When my, ocean's, overflowin'
Afterglowin' take me, ooh
You make me so moist moist moist moistOoh
Ooh yeah
You're feelin' in it, yeah
You're ticklin' it, yeah
You're swimmin' in it, yeah
You're gonna get it, moist
You're feelin' in it, moist
You're ticklin' it, moist
You're swimmin' in it
OohYou're gonna get it, yeah
You're feelin' in it, yeah
