

# Let the Good Times Roll

## Krokus

I get up in the morning too  
Early to wake  
Been hitting hard and my poor  
Bones ache  
I look that the time then I look  
At my face  
Seven lonely women from  
A different place  
Living ain't easy when they call  
Hey hey hey  
Let the good times roll... let it roll  
From Tucson Arizona to the  
Sunset Strip  
Ask me no question I shoot  
From the hip  
Working for the dollar till my back  
Is score  
Good to see you babe at my door  
Sweet taste of whiskey women and song  
Hey hey hey  
Let the good times roll... let it roll  
New Orleans bells coming on my way  
California blondes ready to play  
Texas red party in bed  
New york city doll left me lying for dead  
Life's too short I'm having a ball  
Hey hey hey  
Let the good times roll  
Let it roll  
Sweet tasting whiskey women and song  
Hey hey hey  
Let the good times roll  
Let it roll  
Let it roll  
Let it roll  
Let it roll  
Let it roll  
Let the good times roll baby
