Bitter Pill

Devildriver

Turn your tired eyes home, put the sword to stone
Death by boredom, the reach man bears the burden
That the poor man seeks to chase, the chase is certainDid not see it coming, better stand for something
They're wicked as they come, break the cycle
Racing down the flames while building the coffins
Iron unbroken, break the cycleIt's a bitter pill, such a bitter pill to swallow
It's a bitter pill, such a bitter pill to swallowI've broke the cycle after all these years
Death by boredom, not afraid to reveal
What the world is sensing, the chase is certainDid not see it coming, better stand for something
They're wicked as they come, break the cycle
Racing down the flames while building the coffins
Iron unbroken, break the cycleIt's a bitter pill, such a bitter pill to swallow
It's a bitter pill, such a bitter pill to swallow
Silence is my companionWith pride it's going worldwide
It's spreading worldwide across the great divide
With pride it's going worldwide
It's spreading worldwide across the great divideHealer, believer
On the bended knee when push comes to shove
Healer, believer
Time and time again you push me too farIt's a bitter pill, such a bitter pill to swallow
It's a bitter pill, such a bitter pill to swallowIt's a bitter pill, such a bitter pill
It's a bitter pill, such a bitter pill
It's a bitter pill, such a bitter pill
Such a bitter pill to swallow
