Zombies

The Asteroids Galaxy Tour

Yeah,
We're getting ready for the ball tonight
Slowly breaking up the ground
Mud is on our faces when we climb up
Ooh, ooh, yeahWe find each other and we're holding hands
The moon is shining bright in our eyes
Bodies are shaky as we stand up
Ooh, ooh, yeah
We're gonna have a ball tonightYeah,
We got no reason to be on the run
Still the air is cold and dark
We're gonna rule the world to sunrise
Ooh, ooh, yeahOur brothers and our sisters they're all here tonight
And love is from the time of light
Walking boogie woogie with our tongues out
Ooh, ooh, yeah
We're gonna have a ball tonightPut your hands up (x9)
Hands up, hands up, yeah
We are the zombies, we got no plan
Got no vision, nothings gonna stop usWe are the zombies, we got no land
Got no vision, nothing's gonna stop us, yeahWe're gonna have the time of our lives (x4)Yeah
It's getting late and the sun will rise
Gonna find our graves in time
Soon we're running crazy and we cry out
Ooh, ooh, yeahMy heart is aching come and hold me tight
A tear is burning in my eye
We're the living dead and feeling live for the first time
Ooh, ooh, yeah
We're gonna have a ball tonight (x4)
