Spineless

Trills

I won't see my dear friends as much
Male friends especially, I'll no longer be in touch
I'll change my hobbies to match yoursI'll stop reading my favorite books
I won't spend all this selfish time alone
I'll cater to you and hang on your every wordI'll be subservient and spineless
I'll lick your boots as empty shells
I'll be opinion less and silent
I'll be the prettiest appendage to ever lose herselfI'll redefine self-sacrifice
Live my life as apologetic compromise
I know you'd leave if I rock the boatI'll be subservient and spineless
I'll lick your boots as empty shells
I'll be opinion less and silent
I'll be the prettiest appendage to ever lose herselfI feel this, truly proclaimed
Will help the curbing of this tendency
I know this sharing of shame
Will ensure that I won't forget myself so easilyI'll be low maintenance and agreeable
I will not talk about my dreams so much
I'll listen to you for hours, won't need anythingI'll be subservient and spineless
I'll lick your boots as empty shells
I'll be opinion less and silent
I'll be the prettiest appendage to ever lose herselfI'll be subservient and spineless
I'll lick your boots as empty shells
I'll be opinion less and silent
I'll be the prettiest appendage to ever lose herselfI feel this, truly proclaimed
Will help the curbing of this tendency
I know this sharing of shame
Will ensure that I won't forget myself so easilyI feel this, truly proclaimed
Will help the curbing of this tendency
I know this sharing of shame
Will ensure that I won't forget myself so easily
