Into the Unknown

Apoptygma Berzerk

We got lost inside a stormdazed and hurt we fought it throughdrawn to the light both detached heading into the unknownWhenever you wanted me
I was there for you and by a torch of faith I set myself on fire
How long must I wait for you?
I just can't get you off my mind)
How long must I wait for you?
(being apart is wasting time)There's a voice inside my head telling me to go on alone that I'd stand a better chance to get thru this on my own
Whenever you wanted me
I was there for you
and by a torch of faith
I set myself on fire
How long must I wait for you?
(I just can't get you off my mind)
How long must I wait for you?
being apart is wasting time)
