

2 Late 4 Love

Tesla

(Keith, Skeoch, Hannon, Wheat, Luccketta))

One two three four!

I can't believe this fucked up world in which we're livin' in

Still I do the best that I can

Always got me on the lookout for a getaway

Runnin' hard, I'm a rock 'n' roll man

I know we can make it [and go, said that] all you gotta do is sign

Tellin' you all I wanna do is rock 'n' roll

[Chorus:] Too late for love - baby it's too late

Too late for love - girl I gotta say

That it's you, I know, that makes me feel this way

Don't you know that it's too late for love

Foolish hearts gettin' caught up in a lover's game

That's the way some want it to be

Now all I need is someone, just to get me through the night

Any more is too much for me

I know we can make it [and go, said that] all you gotta do is sign

Tellin' you all I wanna do is rock 'n' roll

[Chorus] Oh baby it's too late, too late for love, too late, oh yeah

[Solo] Too late for love, oh baby baby, it's too late for love

Too late for love, oh, I tell ya, it's too late for love

'Cos all I need is someone standin' by my side

I don't care if I have to see you cry

You oughta know my name, yes, it's too late for love
