

# Slow Motion

Gerald Alston

The way you feel when make love baby

You can turn down the lights  
And move closer to me  
Love is long overdue  
I've been waiting all day  
With you on my mind  
I cant wait to get next you  
Cause you make my body come alive, yes you do  
And i feel the need to tell you why

You do it slow, nice and easy  
I want you so, you know how to please me  
You dont say no, when i need a little more baby  
You make me go, crazy

I like the way do it when you do it baby, oh girl  
You do it in slow motion, yes you dou  
I like the way you tease me when you please me baby, oh it feels so good  
You do it in slow motion, yes you do, yes you do girl

I used to think, a kiss was just a kiss  
But girl you changed my mind  
Cause now i know, i know i know  
That there was something i missed  
Cause girl, you're one of a kind  
And you make my body come alive, yes you do  
And i feel the need to tell you why

Cause you do it slow, nice and easy  
I want you so, you know how to please me  
You dont say no, when i need a little more baby  
You make me go, crazy

I like the way do it when you do it baby, oh girl  
You do it in slow motion, yes you dou  
I like the way you tease me when you please me baby, oh it feels so good  
You do it in slow motion, yes you do, yes you do girl

Cause you make my body come alive, yes you do girl

And i feel the need to tell you why

Cause you do it slow, nice and easy

I want you so, you know how to please me

You dont say no, when i need a little more baby

You make me go, crazy

I like the way do it when you do it baby

You do it in slow motion

I like the way you tease me when you please me baby

You do it in slow motion
