Callous

Brutal Truth

if i could,
i would knock you down
kick your ass to the ground
don't you like to play
is there any other way
if i could, i would find a way
serve your ass for the day
would you say
is there any other way?
scribble your thoughts
as you'd like them to be
for it's foolish goals
you'll achieve
casting teh parts...
plotting your scams
compromise integrity
again and again
