

# I Want to Hold Your Hand

T.V. Carpio

Oh yeah, Ill tell you something  
I think youll understand  
When I say that something  
I wanna hold your hand  
I wanna hold your hand  
I wanna hold your handOh, please, say to me  
Youll let me be your man  
and please, say to meYoull let me hold your hand  
Now let me hold your hand  
I wanna hold your handAnd when I touch you I feel happy, inside  
Its such a feeling  
That my love  
I cant hide  
I cant hide  
I cant hideYeah you, got that something  
I think youll understand  
When I say that something  
I wanna hold your hand  
I wanna hold your hand  
I wanna hold your handI wanna hold your hand.
