

# Sign Your Name

## Human Nature

(Originally performed by Terance Trent D'Arby) Fortunately you  
Have got someone who relies on you  
We started out as friends  
But the thought of you just caves me in  
The symptoms are so deep  
It is much to late to turn away  
We started out as friends Sign your name across my heart  
I want you to be my baby  
Sign your name across my heart  
I want you to be my lady (Oh, Mmmm)  
Time I'm sure will bring  
Disappointments in so many things  
It seems to be the way  
When you're gambling cards of love you play (?)  
I'd rather be in hell with you baby  
Than in cruel heaven  
It seems to be the way Sign your name across my heart  
I want you to be my baby  
Sign your name across my heart  
I want you to be my lady (Oh, Mmmm)  
Birds never look into the sun before the day is done  
All the light shines brighter on a peaceful day  
The stranger blueely was alone we don't want to deal with you  
Should've stayed showering in the room that makes the rain All alone with you  
Makes the butterflies in me arise  
Slowly we make love  
And the Earth rotates to our dictate  
Slowly we make love Sign your name  
Sign your name across my heart  
Sign your name  
Sign your name across my heart  
I want you to be my baby  
Sign your name across my heart  
I want you to be my lady Sign your name across my heart  
I want you to be my baby  
Sign your name across my heart  
I want you to be my lady Sign your name across my heart  
I want you to be my baby  
Sign your name across my heart

I want you to be my lady
