

# Turn It Over (Album Version)

[Leslie Mendelson](#)

I can paint you a picture anytime  
We don't need the TV set to unwind  
You can turn the lights down low  
And I will pour the wine Come on, baby, let's turn it over (Ooh, yeah, yeah)  
Let's turn it over (Ooh, yeah, yeah)  
Let's turn it over  
And play the other side I've got an itch for satisfaction  
A little Marvin to turn us on  
Oh, we can let it play on out  
While the night is still so young Come on, baby, let's turn it over (Ooh, yeah, yeah)  
Let's turn it over (Ooh, yeah, yeah)  
Let's turn it over  
And play the other side Sunday paper  
Scattered everywhere across the floor  
Steppin' on headlines  
Who's to blame about this bloody war? All of the pictures  
Just put 'em away  
I just want a little more  
Time with you today We ain't got no money  
We won't for a while  
So I'll put something on  
To make you smile  
And if it makes you cry  
Well, baby, that's all right Come on, darling, let's turn it over (Ooh, yeah, yeah)  
Let's turn it over (Ooh, yeah, yeah)  
Let's turn it over  
And play the other side Come on, baby, let's turn it over (Ooh, yeah, yeah)  
Let's turn it over (Ooh, yeah, yeah)  
Let's turn it over  
And play the other side  
Oh-oh, oh, yeah
