Fucking Best Song Everrr

Wallpaper.

Fill in the blanks without spilling your drink
My name is... and I'm an alcoholic
Not for real, but what else do you call this
Find me in the Clubby going dupper dumby
Borrowing your money, mo-money
In the bathroom, flask full of ice tea
College grad chick straddling me
I think that she want me
To get up in her tummy
That's why they call me Gutsy
And i be like, check my Spanish
Momacita, te necisito
Soy abrio, that's all the words I know
I shoot tequila from Costa Rica
I gotta tell ya (I gotta tell ya)
Best friends, you are my fucking best friends
Seriously, it's like the best night ever
This song, I'm really feeling this song
This song, fucking best song ever, ever, everrr
It's only midnight, chicks like heels off

Barefooted on the floor playing leapfrog
Skittles don't leave no juice and rolly-polly produce
That's why they call me Whoa Dude
Sl-slow Dude Your Roll Dude
Momacita, te necisito
Soy abrio, that's all the words I know
Magaritas and microwave pizzas
I gotta tell ya (I gotta tell ya)
Best friends, you are my fucking best friends
Seriously, it's like the best night ever
This song, I'm really feeling this song
This song, fucking best song ever, ever, everrr
Check my Spanish
Best friends, you are my fucking best friends
Seriously, it's like the best night ever
This song, I'm really feeling this song
This song, fucking best song ever, ever, everrr
Best friends, you are my fucking best friends

Seriously, it's like the best night ever
This song, I'm really feeling this song
This song, fucking best song ever, ever, everrr
