

Straw Dogs

Guided by Voices

We've been burned out
Concerned out, discerned out
We've been sought out
'Cause we can't believe our eyes We are the willing supporters
And we'd like to know
Why everything is so unkind We've been sent in
Defending the one thing
'Cause it's our duty
We've got to find out why We are the willing supporters
And we'd like to know
Why everything is so unkind
We really should be fine, yeah
