

# 3 Strikes

## Terror Jr

Hold me down like I got three strikes  
Hold me down like I got three strikes....  
Hold me, hold me, hold me  
Hold on me  
Hold me, hold me, hold me  
Hold on me  
Hold me, hold me, hold me  
Hold on me  
Hold me, hold me, hold me  
Hold on me

Doing like 95 on the interstate  
Looking for a dinner plate  
I'm hungry, you called me  
To say you got something, and it's all me

Can you hold me down for one night, like I got three strikes?  
I need you to free me, it's a prison inside my mind  
Break me, taste me  
Roll me up like the northern lights  
Can you hold me down for one night, like I got three strikes?

Hold me, hold me, hold me  
Hold on me  
Hold me, hold me, hold me  
Hold on me  
Hold me, hold me, hold me  
Hold on me  
Like I got three strikes  
Like I got three strikes

Lit up, burnt out  
Closer to God than we've ever been now  
Sipping slow, talking loud  
Enough so we can sell out

Can you hold me down for one night, like I got three strikes?  
I need you to free me, it's a prison inside my mind  
Break me, taste me  
Roll me up like the northern lights

Can you hold me down for one night, like I got three strikes?

Hold me, hold me, hold me

Hold on me

Hold me, hold me, hold me

Hold on me

Hold me, hold me, hold me

Hold on me

Hold me, hold me, hold me

Hold on me

Like I got three strikes

Called on me

Called on me

Called on me

Called on me

Like I got three strikes

Hold me, hold me, hold me

Hold on me

Hold me, hold me, hold me

Hold on me

Hold me, hold me, hold me

Hold on me

Hold me, hold me, hold me

Hold on me

Like I got three strikes

Hold me, hold me, hold me

Hold on me

Hold me, hold me, hold me

Hold on me

Hold me, hold me, hold me

Hold on me

Hold me, hold me, hold me

Hold on me

Like I got three strikes

Like I got three strikes

Like I got three strikes

Like I got three strikes
