Fairytale

Court Yard Hounds

Every girl wants a fairy tale
I guess I do too
We're restless, we're young
With so much to proveYou ask me to wait
But wait, I won't do
'Cause the time I've been wasting
I could be spending with youTake me, we'll runaway
Out of this town till it fades
And they'll say we're wrong
But with you I'm alright, either wayMoney can burn
And money can talk
But its love that makes the girl
Get up and walkAll I want is my turn
Yeah, I could be happy
Just living to learnSo take me, we'll runaway
Out of this town till it fades
And they'll say we're wrong
But with you I'm alright, either wayTake me, we'll runaway
Out of this town till it fades
And they'll say we're wrong
But with you I'm alright, either wayWe'll runaway
I can't take this town one more day
And they'll say we're wrong
But with you I'm alright, either wayEvery girl wants a fairy tale
I guess I do too
