## Court Yard Hounds

Every girl wants a fairy tale  
I guess I do too  
We're restless, we're young  
With so much to prove You ask me to wait  
But wait, I won't do  
'Cause the time I've been wasting  
I could be spending with you Take me, we'll runaway  
Out of this town till it fades  
And they'll say we're wrong  
But with you I'm alright, either way Money can burn  
And money can talk  
But its love that makes the girl  
Get up and walk All I want is my turn  
Yeah, I could be happy  
Just living to learn So take me, we'll runaway  
Out of this town till it fades  
And they'll say we're wrong  
But with you I'm alright, either way Take me, we'll runaway  
Out of this town till it fades  
And they'll say we're wrong  
But with you I'm alright, either way We'll runaway  
I can't take this town one more day  
And they'll say we're wrong  
But with you I'm alright, either way Every girl wants a fairy tale  
I guess I do too
