Fairytale

Court Yard Hounds

Every girl wants a fairy tale I guess I do too We're restless, we're young With so much to proveYou ask me to wait But wait, I won't do 'Cause the time I've been wasting I could be spending with youTake me, we'll runaway Out of this town till it fades And they'll say we're wrong But with you I'm alright, either wayMoney can burn And money can talk But its love that makes the girl Get up and walkAll I want is my turn Yeah, I could be happy Just living to learnSo take me, we'll runaway Out of this town till it fades And they'll say we're wrong But with you I'm alright, either way Take me, we'll runaway Out of this town till it fades And they'll say we're wrong But with you I'm alright, either wayWe'll runaway I can't take this town one more day And they'll say we're wrong But with you I'm alright, either wayEvery girl wants a fairy tale I guess I do too
