

# Moanin' At Midnight

Wallrus

Well, somebody knocking on my door  
Well, somebody knocking on my door  
Well, I'm so worried, don't know where to go Well, somebody calling me, calling on my telephone  
Well, somebody calling me, over my telephone  
Well, keep on calling, tell them I'm not at home Well, don't not worry, daddy's gonna be here
