

Dreaming

Dead by April

Its a new day
Something feels strangeIm walking in the clouds
I'm almost touching the stars
Anything is possible, imaginableAm I dreaming?
All normal things start to change
Can feel no gravity
I step outside the atmosphere
Nothing seems impossible, unreachableHow strange it feels
Moving in slow motion
I guess I must be dreaming
Now, is this real
Or my imagination?
I guess I must be dreaming
Dreaming, dreaming, dreaming, dreaming
I guess I must be dreaming
Dreaming, dreaming, dreaming, dreamingI take a leap
I should be scared, but I'm not
Travelling in the speed of light
Planets are flashing by
Like a shooting star I flyHow strange it feels
Moving in slow motion
I guess I must be dreaming
Now, is this real
Or my imagination?
I guess I must be dreaming
Dreaming, dreaming, dreaming, dreaming
I guess I must be dreaming
Dreaming, dreaming, dreaming, dreamingThis is just a dream
This is just a dreamHow strange it feels
Moving in slow motion
I guess I must be dreaming
No, is this real
Or my imagination?
I guess I must be dreaming
Dreaming, dreaming, dreaming, dreaming
I guess I must be dreaming
Dreaming, dreaming, dreaming, dreaming
