Join the Rejects

Cockney Rejects

Here comes the new punkDo you remember 1977
Daddy of the gang said
that you'll go to heaven
every word a lie and none the truth
so here's a message for todays youthJoin the Rejects and get yourself killedI wanna go back to where it all began
I wanna do a gig in my back garden
wanna have a laugh before the press get in
if you give'em half a chance
they'll kill the fucking thing
