

While I'm Gone

Xavier Rudd & The United Nations

Chorus

While I'm gone, please don't change a thing, don't change a thing at all
While I'm gone, please don't change a thing, you know you're beautifulAnd I'm walking in the sunshine with
my head held high
Got my family together, got this big blue sky
And I'll go one direction with my radio on
Receiving what I need to know, digesting wisdom
I can fly like an eagle from the ridges above
Descending on the people with the power of my love
Cause I believe in truth and I believe in love
I believe we are protected from the spirits aboveChorus
While I'm gone, please don't change a thing, don't change a thing at all
While I'm gone, please don't change a thing, you know you're beautifulAnd I see a sister walking with her
radio on
She got flowers in her hair and she's singing this song
I don't know sometimes we're coming and sometimes we're going
Sometimes we're in the middle of the great unknown
Either way respect for momma and her seven cubs
And the staunch preparation for the things to come
I will go one direction with my radio on
I'll keep it nice and simple, sending lots of loveChorus
While I'm gone, please don't change a thing, don't change a thing at all
While I'm gone, please don't change a thing, you know you're beautifulBridge
Sending love to Barcelona And I'll be sending love to California
And I'll be sending love to Argentina
(my island, my home)
And I'll be big love Aotearoa and I'll be sending love to Papua, New Guinea
Sending love to Izintaba
(my island, my home)
Madiba, big love Samoa and I'll be sending love to Yirrkala
My island, my home
