This Is Where I Get Off

Robbie Robertson

The Earth keeps on shaking but I'm standing still
The chances I'm taking against my will
When we made it to the top we watched it fall couldn't stop
Everything you leave behind catches up in another timeSo just pull over to the side of the road
This is where I get off
This is where I move onI know where I went wrong along the way
Along the wayWalking out on the boys was never the plan
We drifted off course couldn't strike up the band
We've been working the graveyard shift, I wonder do you catch my drift
This was trouble in the making, but it's a risk well worth takingSo just pull over to the side of the road
This is where I get off
This is where I move onThis is where I get off
This ain't where I belong
Somebody done me wrong, along the way
Along the wayThis is where I get off
This ain't where I belong
Somebody done me wrong, along the way
Along the waySo just pull over to the side of the road
This is where I get off
This is where I move on
I know where I went wrong along the way
Along the way
This is where I get off
This ain't where I belong
Somebody done me wrong
Along the way, along the way
Along the way, along the way
Along the way
