Million Dollar Bills

Lorde

There's nothing I want
But money and time
Million dollar bills
And the tick tick tick tickThere's nothing more cruel
Than only nine lives
A limit in spite
Would do the trick trick trickWe could leave the house
Leave the party
Let the people know
Go drown the colors of our minds and watch the cards goThere's nothing as fun
As coming untied
And running with the kids
In the park park park parkThere's nothing that's hurt
Like letting you go
A tiger-burn hides
In the dark dark dark darkWe could leave the house
Leave the party
Let the people know
Go drown the colors of our minds and watch the cards go
It's not about just being out but knowing our people
'Cause we can get in trouble just by going free throwAnd now I'm letting you know (x4)
