

# Be Sweet

## The Afghan Whigs

Ladies, let me tell you about myself  
I got a dick for a brain  
And my brain is gonna sell my ass to you  
If I'm okay but in time I find I'm stuck  
And she wants to love and I still wanna fuck  
Now that I'm ashamed  
It burns but the weight is off  
Now that you're out of the way  
I turn and I can walk  
You showed no sympathy, my love  
And this was no place for you and me to walk alone  
On my grave, am I okay?  
I am sure I am not  
Ladies, let me tell you about my love  
She kept giving me more  
But it wasn't enough  
So understand  
Now that I come to you  
To understand my little self  
To understand my little self
