

# Tyrant

## Judas Priest

Behold 'tis I the commander  
Whose grip controls you all  
Resist me not, surrender  
I'll no compassion call Tyrant, capture of humanity  
Tyrant, conqueror of all  
Tyrant, hideous destructor  
Tyrant, every man shall fall Your very lives are held within my fingers  
I snap them and you cower down in fear  
You spineless things who belly down to slither  
To the end of the world you follow to be near Tyrant, capture of humanity  
Tyrant, conqueror of all  
Tyrant, hideous destructor  
Tyrant, every man shall fall Mourn for us oppressed in fear  
Chained and shackled we are bound  
Freedom choked in dread we live  
Since Tyrant was enthroned I listen not to sympathy  
Whilst ruler of this land  
Withdraw your feeble aches and moans  
Or suffer smite from this my hand Tyrant, capture of humanity  
Tyrant, conqueror of all  
Tyrant, hideous destructor  
Tyrant, every man shall fall Mourn for us oppressed in fear  
Chained and shackled we are bound  
Freedom choked in dread we live  
Since Tyrant was enthroned My legions faithful unto death  
I'll summon to my court  
And as you perish each of you  
Shall scream as you are sought Tyrant, capture of humanity  
Tyrant, conqueror of all  
Tyrant, hideous destructor  
Tyrant, every man shall fall
