Peanuts

Ollo

It's all a game
You're not the same
Your famous name
The price of fameOh no
Try to liberate me
I said oh no
Stay and irritate me
I said oh no
Try to elevate me
I said oh no
Just the fallen heroDon't wanna hear about the drugs you're taking
Don't wanna read about the love you're making
Don't wanna hear about the life you're faking
Don't wanna read about the muck they're rakingYou sang your song
For much too long
There something wrong
Your Brain is goneOh no
Try to liberate me
I said oh no
Stay and irritate me
I said oh no
Try to elevate me
I said oh no
Just the fallen heroDon't wanna hear about the drugs you're taking
Don't wanna read about the love you're making
Don't wanna hear about the life you're faking
Don't wanna read about the muck they're rakingIt's all a game
You're not the same
Your famous name
The price of fameOh no
Try to liberate me
I said oh no
Stay and irritate me
I said oh no
Try to elevate me
I said oh no
Just the fallen heroOh, you're just the fallen heroDon't wanna hear about the drugs you're taking
Don't wanna read about the love you're making
Don't wanna hear about the life you're faking

Don't wanna read about the muck they're rakingDon't wanna find about the drugs you're taking
Don't wanna read about the love you're making
Don't wanna hear about the life you're faking
Don't wanna read about the muck they're rakingDon't wanna find out what you've been taking
Don't wanna read about the love you're making
Don't wanna hear about the life you're faking
Don't wanna read about the muck they're rakingDon't wanna find out what you've been taking
Don't wanna read about the love you're making
Don't wanna hear about the life you're faking
Don't wanna read about the muckPeanuts, peanuts peanuts
