# Self Destructor

## [Frenzal Rhomb](#)

I've been living without a face so I can't face the day
The civil war behind my eyes, I'm the only one to blame
Take a step back, take a step back, take a step back and run and hide
I'm looking for an enemy or a friend from deep insideMy self destruction increases my cred
I need to be real and I need to be fedAs broken as an unloved skateboard at the lost and found
As tired as a rabid dog waiting at the pound
'Cause I like to live, I like to live and I've got reasons to destroy
Try to stand the test of time, my mind is not a toyMy self destruction increases my cred
I need to be real and I need to be fed
My self destruction so easily led
No need to end now, I'm wrecked inside my head
Yeah, inside my head, inside my headWake up to this self abuse, this trait is not a crime
I've seen the way to live with poison everything turns fine
Listen up, gotta listen up to the soft words to myself
Time to ignore these little voices and pretend I'm someone elseMy self destruction increases my cred
I need to be real and I need to be fed
My self destruction so easily led
No need to end now, I'm wrecked in my head
Yeah, inside my head, inside my head, my head, yeah, my headMonitor my intake and I'll document this time
Give me something to believe in, give me cheap-arsed wine
Self destructor, gripping onto what life there's left to live
What's the point in giving up when there's nothing left to giveMy self destruction increases my cred
No need to end now, I'm wrecked in my head
Yeah, inside my head, inside my head
Yeah, yeah, inside my head, inside my head
Yeah, inside my head, inside my head
