Resurrection

Gemini Syndrome

Rise up

Broken
Broken
Misery
Misery
Adjectives for my heart
Stifle
Stifle
Consistently
Consistently
Right from the start

I watched you burn alive
And from the ashes you rise

Stripped down
Stripped down
And separate
And separate
The things you really need here
Dissolve
Dissolve
And dissipate
And dissipate
Everything that I fear

Thereâ€™s monsters in the closet
Theyâ€™re hiding under the bed
An analog composite
Of the illusions inside my head

I watched you burn alive
And from the ashes you rise
It should be no surprise
You were always a phoenix in disguise

My actions criticized
My intentions demonized
The negative redirected

And the enemy
Now I recognize

The atrophy is pushing me
Deeper down into the storm
Divine come alive
And make me reborn

I watched you burn alive
And from the ashes you rise
It should be no surprise
You were always a phoenix in disguise
The phoenix never dies

Rise

No the phoenix never dies
No the phoenix never dies
