My Best Chance

D-SIDE

You don't know, what it's like
Day after day, night after lonely night
Thinking about all the good times we never hadI saw you poster on the walll
It didn't look like u at all
You always said that you could sing
I guess I wasn't listening
You changed you name a thousand times
And ending up with one that rhymes
Your hair your clothes you pretty face
How'd you get your soul replacedThe good times with the bad
They're all gone it's just so sad[Chorus:]
You were my best chance
Now I'll never be the same
And with your last glance
I knew I'd lost the only friend
That knew me, so deeply
And understood completely
That I needed you
More that you needed me
You're my best chanceI heard from you not long ago
You'd be in town to do a show
You said you put me on the list
Well that's a show I'm gonna miss
I'll keep you as a memory
For now that's how it's got to be
I'll take it like a man
And tell the world I'm your biggest fan
The good times with the bad
They're all gone it's just so sad[Chorus]You were my best chance for love
You were my best chance for love
You don't know what it's like
Day after day, night after lonely night
Thinking about all the good times we never had
The good times with the bad
They're all gone it's just so sad[Chorus]You were my best chance for love
You were my best chance for love
You were my best chance for love
You don't know, what it's like

Day after day, night after night
