Amaretto

SomeKindaWonderful

I know you meet a lot of jerks, baby.
It's common in your line of work, baby.
The way your body move I'm stir crazy.
Swallow some tide for your workBaby I could be the one you see
Hiding behind the tree
Beyond the freeze
Hard for your soul
Guess you'll never knowSweet Amaretto
Ama-rett, Ama-rett, Amaretto
Ohh
Sweet Amaretto
Ama-rett, Ama-rett, AmarettoA fist full of dollars in your skirt round me
The wear and tear of the work on you
I hate to see a pretty girl somber
I see the hurt up in your smirkI know it seems that all your dreams
Go right down the stream
Beyond the freeze
You just never know,
who will fight for your soulRound and round you go
Around you go
Where your life ends up no body knows
Guess I'll just watch the showSweet Amaretto
Ama-rett, Ama-rett, Amaretto
Ohh
Sweet Amaretto
Ama-rett, Ama-rett, Amaretto
OhhRound and round she go
Around she go
Where her life ends up no body knows
Guess I'll just watch the showSweet Amaretto
Ama-rett, Ama-rett, Amaretto
Ohh
