

Satisfied (Acoustic)

Jewel

If you love somebody
You better let it out
Don't hold it back
While you're trying to figure it out
Don't be timid
Don't be afraid to hurt
Run toward the flame
Run toward the fire
And hold on for all your worth
'Cause the only real pain a heart can ever know
Is the sorrow of regret
When you don't let your feelings show So did you say it
Did you mean it
Did you lay it on the line
Did you make it count
Did you look 'em in the eye
And did they feel it
Did you say it in time
Did you say it out loud
'Cause if you did hun
Then you lived some
That feeling inside
That's called satisfied Busy people walking by
Can't help but worry some
So many things to do
So little love gets done
Empty hearts everywhere
Drowning but dying of thirst
If we want love
It's not that tough
Start by giving it first
It's easy to give
Baby can't you see
Just close your eyes, open your heart
And do what comes naturally So did you say it
Did you mean it
Did you lay it on the line
Did you make it count
Did you look 'em in the eye

And did they feel it
Did you say it in time
Did you say it out loud
'Cause if you did hun
Then you lived some
That feeling inside
That's called satisfiedHorses are built to run
The sun is meant to shine above
Flowers are made to bloom
And then there's us
We were born to love
We were born to loveSo did you say it
Did you mean it
Did you lay it on the line
Did you say it
Did you mean it
Did you lay it on the line
Did you make it count
Did you look 'em in the eye
And did they feel it
Did you say it in time
Did you say it out loud
Because if you did hun
Then you lived some
That feeling inside
That's called satisfiedLa la la la la la
It's called satisfied
La la la
