

# I Heart U

Tessanne Chin

I heart the way that you right there through it all  
yeah yeah yeah  
When i need someone to talk to  
I heart the way you always call  
When i get off track  
I heart the way that one look can bring me back  
Back to reality, it's true  
I heart all these things that you do And i heart you whoa oh oh oh  
You're the one who makes me happy  
And i heart you whoa oh oh oh  
You're the one who makes me smile  
And i trip myself up  
You pick me right up  
When it all comes down you come through  
That's why i heart you I heart the way you put the pieces all in place  
You know you do  
The way you know when i need you around  
And when i need my space  
When I'm on the edge  
I heart the way that you talk me off that ledge  
Back to my sanity  
And I heart that my hearts the heart that you choose And i heart you whoa oh oh oh  
You're the one who makes me happy  
And i heart you whoa oh oh oh  
You're the one who makes me smile  
And i trip myself up  
You pick me right up  
When it all comes down you come through  
That's why i heart you I heart the way that you have my back  
The way you know exactly what i need  
I heart the way that you heart me yeah  
And i heart you And i heart you whoa oh oh oh  
You're the one who makes me happy  
And i heart you whoa oh oh oh  
You're the one who makes me smile  
And i trip myself up  
You pick me right up  
When it all comes down you come through  
That's why i heart you And i heart you whoa oh oh oh

You're the one who makes me happy  
And i heart you whoa oh oh oh  
You're the one who makes me smile  
And i trip myself up  
You pick me right up  
When it all comes down you come through  
That's why i heart you I heart you  
Whoa oh oh oh  
You're the one who makes me happy
