Stop Breathing

Perry Blake

In my life something was wrong
In her arms I could be light
Like the breeze that blew the man across
The sea to take a love awayLife becomes laughter and sun
I was having too much fun
Like the breeze that blew the man across
The sea to take a love awayStop breathing, stop breathing
Stop breathing, stop breathingI was having too much fun
Like the breeze that blew the man across
The sea to take a love away
