

# My Bae

Becky G

[Becky G]

Needle in the haystack, limited edition  
Rare and original, indeed  
And they all wanna touch it  
Better not touch it  
Tell them all fall back, that's me I be in it like hey, that's my shit  
And I want all of y'all to know it  
Facebook, Instagram, I don't trip  
Baby go ahead and post them pics  
I don't really give a damn what they say  
To the whole world that you're my bae  
And ain't nobody taking your spot  
'Cause baby you everything they not So I'm out here singing  
My bae everything,  
They not, they everything  
So I'm out here singing  
My bae everything,  
They not, they everything  
My bae Needle in the haystack, limited edition  
Rare and original, indeed  
And they all wanna touch it  
Better not touch it  
Tell them all fall back, that's me I be in it like hey, that's my shit  
And I want all of y'all to know it  
Facebook, Instagram, I don't trip  
Baby go ahead and post them pics  
I don't really give a damn what they say  
To the whole world that you're my bae  
And ain't nobody taking your spot  
'Cause baby you everything they not You're everything, everything  
I know I'm with you  
I ain't even got anything to prove  
You know you're with me,  
Ain't no other place you'd rather be  
I know I'm with you  
I ain't even got anything to prove  
You know you're with me,  
You're with me I be in it like hey, that's my shit  
And I want all of y'all to know it

Facebook, Instagram, I don't trip  
Baby go ahead and post them pics  
I don't really give a damn what they say  
To the whole world that you're my bae  
And ain't nobody taking your spot  
'Cause baby you everything they not
