

Killing Revenues

Raised Fist

Money maker, the instigator. Both of them trapped in the same boat
Seem to be more of a fake, playing a completely different role
Insinuate to have the faith in humanity is insanity
I'm waiting for the sun to rise to wipe away those angry faces
Invasion led by other nations
I feel fragile & lost, I have no patience
Intervention is building up the tension
Breaking the foundation
Gravity keeps me standing in the world of heavy branding
Everybody seem so sure when they grasp for more
I'm exposed near getting disposed to an environment of lying men
Mass media is my best friend
Invasion led by other nations
I feel fragile & lost, I have no patience
Intervention is building up the tension
Breaking the foundation.. tion... tion... tion... tion... tion
The time has come for us to speak about the truth
Our ways of thinking is effecting the youth
And I'm engaged to make myself come through to you
We've just begun to realize what we have to do
The time has come for us to speak about the truth
Our ways of thinking is effecting the youth
And I'm engaged to make myself come through to you
We've just begun to realize what we have to do
