Syrup Sipping (banner Beat Break)

David Banner

A see whats crazy to me is,
We didn't subliminally became what they think we are anyway
And like we just some ol' country ass dumb niggas
And we not that we so much more fucking that dude
And mama told me somethin', she said,
You being a visionary is your curse as well as a blessing
She said you gonna be blessed with visions
That regular niggas ain't gonna be able to see, thats gonna make you be alone
