Cuffs

Zeigeist

I never thought you'd do like this
You were my sex and I'm your miss
We've reached the bottom lineI held your head and you did mine
You gave me folds and I turned blind
Gave in from time to timeIf you grab my hands like this
It's like the first time that we kiss
If you grab my hands like this
Your unleashed wrath will be unmadeOur porn film clip that I adore
You start all over like before
No longer gives a damnYour giant leap to something new
Gave me the insight of what you've screwed
Stop telling me who I amIf you grab my hands like this
It's like the first time that we kiss
If you grab my hands like this
Your unleashed wrath will be unmadeYou told me lies like all the rest
And now you've flunked my basic test
I saw the things you hide from me
The bottom line won't you agreeIf you grab my hands like this
It's like the first time that we kiss
If you grab my hands like this
Your unleashed wrath will be unmade
