Sunset People

Steen ThÃ¸ttrup

Late night flight, L.A.X.
Limousine and you're all set
For sunset, for sunsetRiot house, a penthouse suite
The street's alive below your feet
On sunset, on sunsetRainbow girl, whiskey man
Spotting every star they can
On sunset, on sunsetRock an' roll every night
Underneath them neon signs
On sunset, on sunsetSunset people
(Doin' it right, night after night)
Sunset people
(Night after night, doin' it right)Sunset people
(Doin' it right, night after night)
Sunset people
(Doin' it right, night after night)Holdin' on to the last breath of life
On sunset
On sunsetSmooth haired guys thumbing rides
Linin' up from side to side
On sunset, on sunsetIn between pretty girls
Still sixteen but know the world
On sunset, on sunsetForeign cars full of stars
Tinted glass to hide the scars
From sunset, from sunsetBillboard signs on the strip
Glamorize the latest hits
On sunset, on sunsetSunset people
(Doin' it right, night after night)
Sunset people
(Night after night, doin' it right)Sunset people
(Doin' it right, night after night)
Sunset people
(Doin' it right, night after night)
Holdin' on to the last breath of lifeFriday night, the weekend crowd
Move on in to get on down
On sunset, on sunsetLife is hot, life is fast
People try to make it last
On sunset, on sunsetSunset people
(Doin' it right, night after night)
Sunset people
(Night after night, doin' it right)Sunset people

(Doin' it right, night after night)
Sunset people
(Night after night, doin' it right)
