Hard Came the Rain

Rag'n'Bone Man

Oh, my love, we almost had it all
Oh, so high we rose, we were bound to fall
Through all this, I never noticed
I never noticed the clouds gather round
Oh, how fast we fall, how slow we drownYou pray for the storm of your life
It's over and nothing survivedHard came the rain, rain
Washed all the love right out of your veins, veins
I watched the flood run in and take your hand from mine
I watched you save your own life
We grew life, two broken souls entwined
Same heartbeat, I feel fell out of timeYou pray for the storm of your life
It's over and nothing survivedHard came the rain, rain
Washed all the love right out of your veins, veins
I watched the flood run in and take your hand from mine
I watched you save your own lifeI beg, I beg but you turn me away
To you there was nothing to say
I beg, I beg that you turn me away
To you there was nothing to sayYou pray for the storm of your life
It's over and nothing survived
Hard came the rain, rain
Washed all the love right out of your veins, veins
I watched the flood run in and take your hand from mine
I watched you save your own life
