

# What a Girl Is

## Dove Cameron

On a scale of one to ten  
I am perfect like I am  
I don't need your number

We don't need your numberAnd those stupid magazines

Want me to change my everything

They don't even matter

They're not taking my powerI'm so over

All these voices around

They've said enough

It's my turn, let's get loudI'll show you what girl is

'Cause all of me is perfect

Who cares about the dress size

It's all about what's insideI'll stand up now

And won't back down

We're breaking through the surface

To show you what a girl isBeing flawless in our skin, your words don't mean anything

I'm done wasting my time (I'm done wasting my time)

I can make up my own mind (I can make up my own mind)I'm so over

All of these voices around

They've said enough

It's my turn, let's get loudI'll show you what girl is

'Cause all of me is perfect

Who cares about the dress size

It's all about what's insideI'll stand up now

And won't back down

We're breaking through the surface

To show you what a girl isYou are exactly what you're made to be, I swear

Don't be afraid just to put yourself out thereIt's pretty clear that you wont see us on the sidelines (no)

We're gonna take it over standing like a high-rise

Yeah, and if you ever doubt what a girl can do

sit back and let us show you, its been really nice to know you

No doubt, we're a force that's undeniable

Get together we'll work this house to bring it down on you

I've got a feeling that were gonna be there for you

Sit back and let us show you cause the girls are taking overOn a scale from one to ten, I am perfect like I am  
I don't need your number, we don't need your numberI'll show you what a girl is, cause all of me is perfect

Who cares about the dress size, it's all about what's inside

I'll stand up now, and won't back down

We're breaking through the surface, to show you what a girl is

We're breaking through the surface, to show you what a girl is
