

# Hearsay

## Soul Children

Says I, man don't deal in no kind of hearsay  
Back 'weh wi dat an' come straight if you a come  
    Say dem a de ginnal, dem a de big chief  
But the winning card in dis game it's I who got it

Remember dis little sayin' that bush have ears  
Pick sense out of nonsense, you'll get the answer  
Bush don't have ears, my friend, but someone may be in it  
    Hearing what you have said about your brothers  
    Hearing what you have said about your sisters  
    Hearing how you have made your own confession  
    Hearing what you have done in de pas'  
    Cause every secret sin must reveal  
    So if you nuh know what a gwan  
    Keep your mouth shut an' don' say a word ya
